I could print the article, but the quality is really low. I made one copy, but I think we should email the PDF after the meeting. It is, surprisingly, easier to read on the screen.

Cynthia – can you please bring copies as well as the Silverton article that Richard dug up from April 2012. I couldn't get it to print in a size that I could read – maybe you're better at doing that than I am. I would bring 4 copies of each – no more even tho' I expect there will be more people – I'm trying to only kill 1 forest! Thanks.

Hi, Paula.

Addendum C references 2010-2011 briefing documents "(See attached copies of 2010-2011 briefings)." They weren't included in the package you sent Martin and Sandy. Would you like me to bring copies to the briefing this morning?

Cynthia

**Subject:** Upper Animas Strategy Briefing for ARA & for RA

Martin & Sandy – For our briefing on Monday, July 14 at 11:00 AM I am sending the **DRAFT** Site Management Strategy for the Upper Animas River Watershed (UA) that you requested the Team prepare following our meetings with the SJ County Commissioners this spring. The strategy has 3 addendums that are also attached. The Team considers the strategy including the addendums draft since we are still gathering information about past decisions and activities.

In addition, I am including the “talking points” that I prepared for the RA briefing on the strategy for Tuesday, July 15 at 3:00 PM.

We will be glad to address any questions or concerns that you may have on the proposed strategy at the meeting on Monday.
